HEALTH AND FAMILY - HEALTH

Identity Protection for On-Line Filing of Vital Records

[LFB Paper #493]

Motion:

~~Move to adopt Alternatives A2 and B3 on LFB Paper #493 to maintain current law. Instead,~~
 require DHFS to study methods that others states have used to protect against identity theft in on-line electronic filing systems for vital records. Require the Department to submit a report to the Committee by January 1, 2002, on its findings, and require the report to include a revised schedule of fees to support implementation of security measures to protect against identity theft relating to implementation of an on-line system in Wisconsin.

Note:

The bill would modify certain vital record fees and provide additional expenditure authority for vital records to support a number of initiatives.

~~This motion would delete the Governor's recommendations to modify fees and provide additional funding for vital records projects. Instead,~~ DHFS would be required to study methods that other states have used to protect against identity theft in implementing on-line electronic records systems for vital records, and submit a report to the Committee by January 1, 2002, findings.

[Change to Bill: -\$354,600 PR-REV and -\$1,411,500 PR and -2.0 PR positions]
